Notes

1. Stagesize at least 5x3m.
2. Stage must be level and absolutely rain-proof.
3. All Mics and Stands provided by band.
4. We need a professional PA-system and stage lighting incl. operators according to venue size and audience, mixing desks, wedges and all cables (power and XLR).
5. Access all areas approx. four hrs before showtime for band-setup. Soundcheck duration approx. one hour. Setup of PA and lights has to be finished before soundcheck.
6. We would like to hang a backdrop banner. Size: 3x1.8m.
